FESTIVAL GUIDE

'Singing IS LIKE A CELEBRATION OF Oxygen' - BJÖRK

This June, St George's Bristol presents its first-ever **Festival of Voice** - a month-long celebration of the human voice in all its forms - bringing together internationally renowned artists, thought-provoking spoken word, grassroots community choirs, and everything in between.

Everyone is welcome to join in. Bristol is a city of song, bursting with different singing groups, poets, incredible sound artists and the richness of 91 different languages.

So, what better way to bring us together than through song?

Across the month, we've got an incredible line-up of concerts, gigs, activities, and exhibitions across our building. Outside, experience our Gin Garden in partnership with 6 O'Clock Gin and sample our Café Bar's new small plates menu. We'll also have pop-up concerts around Bristol.
